- 1 Offside operation available on request.
- 2 All welds painted using 98.5% pure zinc spray.
- 3 115mm x 42mm non-bruise cattle rail.
- 4 Ratchet operated squeeze.
- 5 Walk-through vet section.
- 6 Powder coated handles.
- 7 Slam latch enables quick hands free closing.
- 8 Increased lower vet gate height to reduce risk of kick back from the animal.
- 9 Foot operated lower vet door (operating side).
- 10 Anti-reverse mechanism has 850mm of adjustment.
- 11 Pressed Gal sheeting.
- 12 Split operating gates on both sides.
- 13 Base 75mm x 50mm x 4mm.
- 14 Upright frame 75mm x 50mm x 2.5mm.
- 15 All 50mm x 50mm RHS are 2.5mm.
- 16 Metalcorp crushes come standard with chin bar.
- 17 Forward & rear ratchet operated headbail.

Main over head squeeze mechanism cut from 16mm steel plate.

Ratchet squeeze adjusts in precise 40mm increments for optimal cattle restraint.

One hand quick release chin bar.

Dual parallel squeeze closes to 340mm.

Crush open width is 720mm.

Chin bar lifts to 1250mm.

16mm BJSALLOY® Wear 450 steel plate ratchet and pawl with dual locking springs. All components precision cut and zinc plated.

75mm oil-able cast iron rollers.

Includes 16 grease nipples ensuring smooth operation.

All nuts are NYLOC.

All hinges are a solid 20mm thick pin with removable linch pin for complete access.

Needle gate opening 440mm x 660mm.

Fully sheeted telescopic rear slide gate with one hand function. Helps create a blind race to reduce stress on livestock.

Drop away handles can be easily locked into position.

Main side doors operate separately or lock together with 20mm vertical slam latch.

Zinc-plated 20mm slam latch with stainless steel springs.

CATTLE YARD RANGE

CATTLEKING® Yard Range

Heavy duty 5 rail top of the range yard components. Designed for safety with both the operator & livestock in mind. Our most popular range suited to most applications. CATTLEKING® panels are manufactured in Australia with high strength electrogalvanised Australian steel. This durable 5 rails system is strong & offers great visual deterrent. All panels can be connected to other Metalcorp brand panels. This is handy where a heavy panel is needed in the race & lighter panel can be used in the holding area.
