CATTLE YARD RANGE

CLASSIC PLUS® Crush

Heavy duty cattle crush engineered for maximum efficiency and safety

Designed to immobilise cattle quickly, effectively and securely using a robust headball system and dual parallel squeeze mechanism. These features reduce stress for both the livestock and the operator. Made in Australia using premium quality Australian steel, this crush delivers durability and reliability to withstand the toughest of conditions.

CATTLE YARD RANGE

CATTLEKING® Yard Range

Heavy duty 5 rail top of the range yard components. Designed for safety with both the operator & livestock in mind. Our most popular range suited to most applications. CATTLEKING® panels are manufactured in Australia with high strength electrogalvanised Australian steel. This durable 5 rails system is strong & offers great visual deterrent. All panels can be connected to other Metalcorp brand panels. This is handy where a heavy panel is needed in the race & lighter panel can be used in the holding area.
